

First Eucharist Programme 2024

Over the coming months, the children will learn about the amazing gift that Jesus gives to us; the gift of Himself in the Eucharist. In addition, the children will explore all parts of the Mass and will be introduced to the music, readings and responses that will be a part of the Mass of First Eucharist.

The list below gives important dates for families in red, and in black are the themes for the preparation lessons in school that week. As the children are preparing for this most special of Sacraments, weekly attendance at Mass is an important way to support your child in their understanding and familiarity with the Sacrament. Special Masses are marked in red, where pupils will be leading the reading of prayers and scripture. We look forward to continuing this Sacramental journey with your family.

Date	Event
